Your Participating Provider Directory.

This Provider Directory is your guide to participating doctors, facilities and other health care providers in your area. To obtain the most up-to-date information or to locate providers in other areas while traveling, use the BlueCard® Doctor & Hospital Finder at <http://www.bcbsa.com> or call 1-800-810-BLUE (2583).

Your directory is organized into several sections for your convenience. It is designed to help you choose physicians and other health care professionals best suited to your needs. All provider listings include the provider's practice address or addresses and telephone number. Always confirm with the provider the provider's address, phone number, specialty and continued participation status before making an appointment.

We are continually adding providers to our health care network, so if you do not see your provider listed, or if you need information regarding hospital affiliation or board certification, please contact your Customer Service Department. You'll find the number located on your member identification card.

Network participation is subject to change, so it is important for you to verify if the provider is still in the network. To verify this information, contact the provider **before** you receive medical services.

If you have any questions about your benefits or finding a network provider, simply contact us by calling the Customer Service number on your member identification card.

Hospitals may all look the same to you. To us, there is a distinct difference.

Nationwide, Blue Cross and Blue Shield companies recognize Blue Distinction Centers® – medical facilities that are delivering quality specialty care – to help you and your doctor find a hospital that is right for you or your loved ones. Blue Distinction Centers meet rigorous clinical criteria that have been developed with medical experts. And, research shows they deliver better overall results for our members.

To find a Blue Distinction Center for:

Bariatric Surgery • Cardiac Care • Complex and Rare Cancers
• Knee and Hip Replacement • Spine Surgery • Transplants

visit www.bcbs.com/bluedistinction

or call the toll-free customer service number on the back of your
member identification card.

An Association of Independent
Blue Cross and Blue Shield Plans

Note: Designation as Blue Distinction Centers means that these facilities' overall experience and aggregate data met objective criteria established in collaboration with expert clinicians' and leading medical societies' recommendations. Individual outcomes may vary. To find out which Providers participate in network and which services are covered under your policy, at these or any other facilities, please call your local Blue Cross and Blue Shield Plan; and please call your provider before making an appointment, to verify the most current information on their Network participation and Blue Distinction status. Neither the Blue Cross and Blue Shield Association nor any of its Licensees are responsible for any damages, losses, or non-covered charges that may result from using these materials or receiving care from a provider listed in these materials.
