**STATEMENT OF ERISA RIGHTS**

As a participant in each of our Plans, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to: (1) Examine, without charge, at the plan administrator's office and at other specified locations, all plan documents, including insurance contracts, and copies of all documents filed by the plan with the U.S. Department of Labor, such as detailed annual reports and plan descriptions. (2) Obtain copies of all plan documents and other plan information upon written request to the plan administrator. The administrator may make a reasonable charge for the copies. (3) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report. In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer or any other person, may discharge or otherwise discriminate against you in any way to prevent you from obtaining a benefit or exercising your rights under ERISA. If your claim for a benefit is denied in whole or in part you must receive a written explanation of the reason for the denial. You have the right to have the plan administrator review and reconsider your claim. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request materials from the plan administrator and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$100 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. If it should happen that plan fiduciaries misuse the plan's money, or you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees for example, if it finds your claim is frivolous. If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, you should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

### PERSONNEL MANUAL

#### We are Closer to You

with our customers, shops, and partners

Stewart's is an employee and family owned company operating over 400 convenience stores in upstate New York, Vermont, and New Hampshire along with a dairy/ice cream plant, a distribution center and offices in Saratoga Springs, NY.

We are a stable, debt-free, and successful company in a growing industry because our approximately 40% employee ownership, strong market position, and owning most of our real estate, gives us the control to take a long-term approach to our business. Having our own Plant and Distribution Center integrated with our shops provides support and allows them to be more effective and creates a more rational environment where we don't have to pretend or avoid issues, putting us in a position to do what we want to versus what we have to.

With over a billion and a half dollars in annual sales and approximately 5,500 partners, we are viewed as a large company but we are really 400 small groups in shops or departments that can function very effectively. This allows us to balance the market sensitivity and efficiency of a small operation with the support of a larger organization. In this Small Is Nicer environment (SIN), everybody knows who is effective and what is going on. We use awareness rather than following a set of rules so we can be fair and react to various situations, which creates a more enjoyable atmosphere for both partners and customers. It is what makes us so different from companies that are big, structured, and impersonal.

Our personnel manual is a single piece of paper, simply written so you can understand how to interact and grow most efficiently with Stewart's. "We are here for our customers" who make our business possible. That is why it is so important that we are courteous to our customers and our fellow partners. The power of being courteous creates trust while building a pleasant and fun atmosphere. We are able to share with our customers Stewart's quality, service, and value while giving back to our communities. The customers in return do a lot to help us run the business and make our shop a true part of the community.

As a partner, you should understand "why" things are to be done and should not just be doing them because someone said so. We use the SHARE acronym below to review both yours and your supervisor's performance.

- S**ell is the ability to influence people positively in many ways.
- H**onest is about being open and candid, so people trust both your intent and ability.
- A**ctivity is the physical and mental energy to be effective.
- R**easons are your ability to understand, accept, and teach logical solutions versus being confined by a lot of rules.
- E**ternals are understanding the impact our personal issues, family, and friends have on our job and fellow partners.

### ESOP

This plan was primarily designed to share real ownership in Stewart's with our partners. Unlike a 401K, it's a 100% company paid benefit that provides financial security for you and your family at the time of your retirement. Stewart's started the Plan in 1974. In 2001, we converted to an Employee Stock Ownership Plan. The Plan value now is approximately \$900 million. As your account balance grows untaxed, your ownership in Stewart's increases. This is because the ESOP Trust, where the funds are invested, owns 40% of Stewart's. It is our desire that, in the future, all partners should participate in the ownership of Stewart's.

### Annual company contribution and forfeiture amounts to approximately 15% of your annual wages

\*Declared in December by Board of Directors.

\*Contributed to participants who worked at least 1000 hrs in a year based on their gross earnings.

\*Plan's welfare is contingent on Stewart's stability & growth.

\*Stewart's financial position may affect funds available for withdrawal.

\*Funds are invested in Stewart's stock and operating cash.

\*Funds are invested in a trust by the Plan Trustees.

\*Market conditions will dictate the trust earnings each year.

\*Performance in the fund does not carry a guaranteed return rate.

\*After enrollment, 1 yr credit for each Plan year you work 1000+ hrs.

\*Vesting is the portion of your balance that belongs to you.

\*Fully vested after 6 years of participation (1000 hours each year).

\*If you retire, become disabled, or die your account becomes 100% vested.

\*A disability must be certified by the SS Admin while you are still employed.

\*Under certain circumstances, a partner who leaves Stewart's and is later rehired may get credit for that earlier service. Forfeited account balances will be reinstated if the number of years between employment dates is less than 5 years before the break began, and you repay the full amount distributed to you, if any, upon re-employment.

### HEALTH INSURANCE

Stewart's recognizes the importance of health care for our partners and their families, offering a self-insured plan gives us the control to provide benefits that best fits their needs. The partner's portion of the health insurance is based on the total healthcare dollars spent each year so it is important for all of us to control our healthcare spending so that we can keep our health deductions down and our ESOP dollars growing.

The health plan covers inpatient and outpatient hospital care, surgery, maternity, emergency care, mental health care, home health care, physical therapy, treatment of alcohol/substance abuse, prescriptions, eye exams, frames and lenses or contacts, as well as doctor's office visits. Plan specifics like co-pays, limitations, and exclusions are detailed in the benefit packet, which you will receive upon eligibility.

**Annual Deductible:** \$500/year for individual, \$1000/year for family, after deductible is met, you begin paying copayments.

**Cost of program is shared:** The partner's portion is approx 40% of the total cost of coverage and is taken as a pre-tax deduction.

**Coverage for Dependents Including:** legal spouse; children, adopted children or stepchildren who are under age 26, or are not able to support themselves due to mental illness or disability.

### DELTA DENTAL INSURANCE

Preventive and general services are 80% to 100% covered (includes periodontics) and major services are 50% covered (includes orthodontics). The partner's cost of dental insurance is a pre-tax deduction. Plan specifics, limitations, and exclusions are provided in the benefits packet upon eligibility.

### ELIGIBILITY FOR HEALTH AND DENTAL BENEFITS

\*All full time partners (30+hrs/wk) become eligible for health and dental insurance on the Monday following sixty (60) days of continuous active service, and then again at the beginning of each subsequent Plan Year. \*Open enrollment occurs each November.

\*Per IRS guidelines, election remains in effect for the entire Plan Year and is irrevocable unless it is due to the result of a change in family status (e.g., marriage, divorce, death of spouse or child, birth or adoption of child, or addition/ termination of qualified coverage).

### FLEXIBLE SPENDING ACCOUNT

Full time partners can elect a flexible spending account that can be used to pay for your deductible and other qualified medical/prescription/dental/vision expenses not covered by insurance. You will receive a Benefit Card to pay for these expenses. You can elect any dollar amount to be deducted on a weekly, pretax basis, to put into your account. (The maximum election is \$3400/year, and you can roll-over up to \$680 (max) to the next plan year if you do not use all your dollars.) Health insurance participation is not mandatory to enroll in this program.

### TELEMEDICINE

When you elect the Stewart's Health Plan, you and your covered dependents are automatically enrolled in a Telemedicine benefit through UCM Digital Health. All full-time and part-time partners, who are not enrolled in the health plan, can elect this benefit for a \$2 post-tax weekly deduction, whether you elect individual or family coverage. There is no cost to consult with a physician and no limit on how many times you can use this service. Be sure to download the app by searching "Sam by UCM" in the App Store or Google Play. You may also request a consult by dialing 844-484-7362. This service is available 24/7 and can be used for primary care, urgent care and mental health counseling.

### COBRA

**Identical benefits for health & dental may continue upon termination of employment.**

\*You pay 100% of total cost, plus a 2% administrative fee.

\*A notice will be sent to your home explaining your rights for COBRA upon termination, when your hours are reduced, or when you no longer qualify for FMLA, PFL, and/or short-term disability.

### EMPLOYEE ASSISTANCE PROGRAM (EAP)

We partner with Adirondack EAP to offer this program for partners and their family members at the Plant and Ridge. This is free for partners and provides short term, confidential counseling for concerns related to various topics including mental health, addictions, and financial/legal assistance. Additional information can be found in breakrooms or you can contact Personnel.

### PAYCHECK INFORMATION

### NYS PAID SICK LEAVE(PSL)/BENEFIT TIME

These programs allow all partners to earn paid time off for sick time, vacation time, safe leave, or personal time. During the first year, all partners will be eligible for NYS Paid Sick Leave, which allows you to accrue 1 hour of paid time off for every 30 hours worked. Partners who work at least 25 hrs/wk will begin accruing at a higher rate during their second year of employment. The maximum amount of Benefit Time that a partner can accrue is 276 hours.

Benefit and holiday time must be approved by a supervisor, can be taken in one-hour increments, and is paid at the partner's rate of pay when the time is taken. Benefit time and holiday time is revocable under the following circumstances: Involuntarily termination due to dishonesty, theft, or policy violations or voluntarily termination without working out a proper notice. Please review the benefit time program for your work location. Requests for unpaid time off need to be approved by a supervisor.

### YMCA MEMBERSHIP/PROGRAMS

Stewart's will pay 50% of any current ESOP plan participant's YMCA bills (excluding overnight camp and court fees). This benefit is for our partners, spouses and dependent children. Discount forms for reimbursement are available from Personnel Department, Partner Page on Website. The 50% paid by the company will be added to your next paycheck for tax purposes. Daycare payments count toward the \$5,000/\$2,500 government max. The total will be reported on your W-2. Membership requirements may apply.

### LAKE PLACID CONDO

All active partners in ESOP, after 1 year of service, will be eligible to use the condo for 2 nights per calendar year. Reservations are taken 6 wks in advance for Sunday through Thursday. A lottery drawing is held on the 15th of each month for Friday through Saturday (for the following month) and school vacation weeks. For reservations, call Mary x6325. We are required to add \$150/night (the value of the stay) into your next paycheck for tax purposes, resulting in a \$45 tax/night.

### MAKE YOUR OWN SCHOLARSHIP

Philly Dake established the Make Your Own Scholarship to help parents with the high cost of a college education. She used the Make Your Own phrase to emphasize that students are in control of their education. The Make Your Own Scholarship has awarded over \$8 million in scholarships to Stewart's family members since 1999. Last year \$530,000 was awarded to 99 students.

### DEATH BENEFIT ONLY PLAN

We provide this plan to our full time partners and their families for peace of mind in the event something unfortunate should happen while employed at Stewart's. This is a company paid benefit. You become eligible for this plan by working at least 1560 hours in two consecutive years (30 hrs/wk). The benefit is paid in a lump sum and taxable to your beneficiary.

\*The benefit amount is determined by the years of full time service immediately preceding the date of death. After two years of service: \$25,000, 5 years: \$35,000 and after 10 years: \$50,000.

### PARTNER MATCHING GIFT

Stewart's Shops and the Dake Family have an annual goal to donate \$12 million to local charitable organizations. Stewart's Shops and the two related family foundations will each donate \$4 million to thousands of local charities. We will match individual active Partner donations to approved non-profit organizations unless a significant donation has already been made. We cannot match pre-collected funds. We encourage our Partners' commitment to philanthropy and tend to be more generous with donations to organizations in which they are involved. Call Donations @ ext. 2190 with questions.
